

## Las Positas and Modoc Roads Multiuse Path Project Signal Light Upgrades

Intersection of Las Positas Road and Modoc Road

On Wednesday, February 10<sup>th</sup>, between the hours of 7:00 AM – 5:00 PM, C.A. Rasmussen will be working to make necessary upgrades to the traffic signal light at the intersection of Las Positas Road and Modoc Road. The signal light will not be operating during this work and the intersection will temporarily be an all-way stop. The public should expect congestion, and is encouraged to avoid this intersection and use alternate routes. The signal light will resume operation once the work is completed at the end of the work day.

The City thanks the public for their continued cooperation and patience during construction of this important Vision Zero Project. For more information, please visit the Project website:
